2027 Nurse Associate Externship: Traditional and Advanced Tracks

Because teamwork and learning go hand-in-hand

Your experience as a Nurse Associate Extern

Cleveland Clinic is committed to shaping the future of healthcare by providing nurses with the resources they need to learn, grow and reach their potential. Your 10-week externship will include working one-on-one with a nurse mentor, as well as time with fellow externs in workshops. In 2027, nurse externs will have the exciting new opportunity to experience the specialty of neurology.

Ideal candidates will be purpose-driven individuals who thrive on hard work and are committed to giving their best to make a meaningful difference in the lives of others. Student applicants must be currently enrolled in an accredited nursing school (ADN, BSN or BSN/MN program for the traditional track and BSN or BSN/MS for the advanced track) and entering their last year or semester upon completion of their externship. Candidates must hold Basic Life Support certification through the American Heart Association or the American Red Cross for the duration of the program.

For the advanced externship, candidates must be enrolled in a BSN or MN program from one of these institutions:

- Kent State University
- Ursuline College
- Cleveland State University
- Case Western Reserve University
- University of Akron
- University of Mount Union

In 2027, the program is available:

May 17-July 24 or June 7-August 14 for traditional participants.

May 17-July 24 for advanced or perioperative participants.

Applications portal is open.

During the program, advanced externs must be concurrently enrolled in the designated elective course and will perform advanced skills.

Cleveland Clinic is pleased to be an Equal Opportunity Employer
