

The Jeanne Clery Campus Safety Act

Annual Security Report
2026

Nondiscrimination Statement

Cleveland Clinic is committed to providing a working and learning environment in which all individuals are treated with respect and dignity. It is the policy of Cleveland Clinic to ensure that the working and learning environment is free from discrimination or harassment on the basis of race, color, religion, gender, sexual orientation, gender identity, pregnancy, marital status, age, national origin, disability, military status, citizenship, genetic information, or any other characteristic protected by federal, state, or local law. Cleveland Clinic prohibits any such discrimination, harassment, and/or retaliation.
Any participant in a Cleveland Clinic educational program, including any student, trainee or employee, who may have been subject to discrimination on the basis of a protected characteristic is encouraged to make a report to the Office of Educational Integrity.

The Jeanne Clery Campus Safety Act

The Jeanne Clery Campus Safety Act (the “Clery Act”) requires colleges and universities to publish an annual report that contains certain campus security policy statements and three years of campus crime statistics. The School of Health Professions (SOHP) and Cleveland Clinic Police Department (CCPD) work collaboratively to compile the information in the report. Crime statistics are compiled from reports made to the Cleveland Clinic Police Department and local law enforcement agencies. Policy information contained within the report is collected from SOHP departments that have authority and jurisdiction over the policies.

The School of Health Professions is responsible for preparing and distributing the Annual Security Report. Notification regarding the publication and availability of the Annual Security Report is sent via email to SOHP students and employees. The email informs the SOHP community that the Annual Security Report is available and includes a direct link to the report. The report is available to prospective employees and students by contacting SOHP at sohp@ccf.org. Hard copies of the report are available upon request by contacting sohp@ccf.org.

This report includes crime statistics and policy disclosures for locations that meet the definition of Clery geography under the Clery Act. For the School of Health Professions, these locations include the following facilities and applicable adjacent public property:

Cleveland Clinic Main Campus
Cleveland Clinic Administrative Campus (CCAC)
Cleveland Clinic Akron General (CCAG)
Cleveland Clinic Lutheran Hospital
Cleveland Clinic Mercy Hospital
University of Akron Wayne College

The School of Health Professions does not own any residential facilities for students and therefore policies related to the following are not addressed in this Annual Security Report:

- Missing Students Policy
- Fire Safety Procedures

Reporting Criminal Incidents and Other Emergencies

School of Health Professions students and employees are encouraged to promptly report criminal incidents, suspicious activity and any other public safety-related emergencies and incidents to the Cleveland Clinic Police Department at 216-444-2250. Crimes in progress or other emergencies may be reported by dialing 9-1-1 or, on Main Campus, by calling 216-444-2222. Student and employees may also report to Campus Security Authorities (CSAs), defined as Program Directors, Assistant Program Directors and all members of the SOHP administration.

Reports of crimes may be made anonymously through the Cleveland Clinic StaySafe App, which includes an anonymous tip line to text information and images.

Students and employees may request assistance from CCPD in notifying appropriate local law enforcement agencies.

Pastoral and professional counselors are not employed by the School of Health Professions; consequently, there are no procedures to inform such persons of any procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

Reporting Workplace Violence

Cleveland Clinic takes the safety of our caregivers, patients and visitors seriously. We strive to create and provide a safe and secure environment in which reporting of all workplace violence incidents is strongly encouraged.

Reporting incidents of workplace violence plays a vital role in the safety of our caregivers, patients and visitors. By reporting all incidents – from near misses to harm events – we can provide valuable support, resources and follow-up to caregivers and others involved.

Caregivers can access the SERS system from the Today intranet home page. On the left-hand side of the page, under Quality, Safety & Patient Experience, click Safety Event Reporting (SERS). Caregivers can link directly to the SERS system by clicking here or by going to: ccf.org/sers. Log in with your Cleveland Clinic network credentials to make a report.

Timely Warnings and Emergency Notifications

The School of Health Professions is responsible for notifying students, faculty, and staff about certain serious crimes occurring in or near the facilities in which classes are held and other facilities utilized for implementation of its programs, when such crimes become known to the institution. (See, “Definitions of Reportable Crimes,” below.) Students, faculty, and staff who know of a crime or other serious incident should report that incident as soon as possible to the Cleveland Clinic Police Department.

The Cleveland Clinic Police Department is responsible for deciding if an incident warrants a timely warning. In such an event, information is disseminated by hospital and/or Cleveland Clinic system leadership and done in accordance with Cleveland Clinic policy, procedure or protocol. The decision to issue a timely warning will be made on a case-by-case basis. CCPD officials will consider the nature of the crime, the continuing danger to the campus community and any risk of comprising law enforcement efforts in making this decision. Timely Warnings may be distributed through email, text messaging systems, the StaySafe application, internal

communication platforms, or other communication methods deemed appropriate for the circumstances.

An emergency notification is the immediate announcement to SOHP students and employees upon confirmation of a significant emergency or dangerous situation involving an imminent threat to the health or safety of students or employees within Clery geography. CCPD administration will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system(s) unless issuing a notification will, in the professional judgment of responsible authorities, compromise the efforts to assist a victim or to contain, respond to or otherwise mitigate an emergency. The content of the notification will provide instruction to the campus community that promotes the safety and well-being of those impacted. A message may be directed to the entire SOHP community or to specific facilities depending on the nature of the incident. Various notification methods are used depending on the site, including text messages, phone calls, emails, and scrolling emergency messages displayed on desktop computers.

Daily Crime Log

The Cleveland Clinic Police Department maintains a Daily Crime Log. The log is available for public inspection during normal business hours at 8811 Euclid Avenue, Cleveland, OH 44106. Portions of the log older than 60 days are available upon request.

School of Health Professions Facilities

Security and Access to Campus Facilities

Cleveland Clinic is committed to maintaining its facilities in a manner that promotes the safety and security of students, employees, patients, and visitors.

All Main Campus buildings are equipped with an Access Control System designed to regulate and monitor entry throughout the facility. Every building, department, and card-reader-equipped door is assigned a specific schedule and set of programmed permissions. These permissions determine when authorized badge holders can access a particular area based on their predetermined access level.

Safety Considerations in Maintenance of Physical Facilities

Representatives from appropriate departments conduct regular assessments of buildings, grounds, lighting, access control systems, and other physical security features. Identified concerns are addressed promptly or referred to the responsible department for corrective action. Students are encouraged to report safety concerns related to physical facilities to faculty, staff, administration, Protective Services, or the Cleveland Clinic Police Department. Maintenance personnel are available to respond to unsafe physical conditions in accordance with Cleveland Clinic procedures. Access to Cleveland Clinic facilities is controlled through identification badge systems and other security measures appropriate to each location.

Campus Policing and Security Policies

Cleveland Clinic Police Department

- ***Main Campus***

  Cleveland Clinic Police Department (CCPD) Police Officers are commissioned through the State of Ohio and are certified peace officers with full law enforcement authority as provided by Ohio law. Officers patrol interior and exterior areas of Cleveland Clinic Main Campus and respond to criminal activity, emergencies, safety concerns, and calls for service 24 hours a day.
  CCPD operates pursuant to applicable state and local authority, including Ohio Revised Code Section 4973.17, which authorizes commissioned hospital police officers to exercise police authority on Cleveland Clinic property and within applicable areas of jurisdiction while acting in the direct discharge of their duties.

  For police assistance at Cleveland Clinic Main Campus, contact:
  216.444.2222 – Emergency
  216.444.2250 – Non-Emergency

- ***Cleveland Clinic Administrative Campus***

  Cleveland Clinic Administrative Campus (CCAC) maintains a 24-hour per day security force. Cleveland Clinic Administrative Campus security officers have security authority, but no policing authority. Cleveland Clinic Administrative Campus Security has an agreement with the Beachwood Police as first responders to security emergencies that occur on the Cleveland Clinic Administrative Campus or off site on City of Beachwood property. The Cleveland Clinic Administrative Campus has a security desk in each of the buildings that are staffed by CCAC security. All doors to each building are locked and only accessible by employee badging. Security can be reached at the following: Cleveland Clinic Administrative Services at 216-448-0082, Building 2 at 216-448-5151, building 3 at 216-448-0090,

and building 4 at 216-4485753. All security concerns should be reported promptly to the Security Department.

- ***Lutheran***

  Cleveland Clinic Police Department (CCPD) Police Officers are commissioned through the State of Ohio and are certified peace officers with full law enforcement authority as provided by Ohio law. Officers patrol interior and exterior areas of Lutheran Hospital and respond to criminal activity, emergencies, safety concerns, and calls for service 24 hours a day.

  CCPD operates pursuant to applicable state and local authority, including Ohio Revised Code Section 4973.17, which authorizes commissioned hospital police officers to exercise police authority on Cleveland Clinic property and within applicable areas of jurisdiction while acting in the direct discharge of their duties.
  For police assistance at Lutheran Hospital, contact:
  66 – Internal Emergency
  216.363.2436 – Police / Security

- ***Akron General***

  Cleveland Clinic Police Department (CCPD) Police Officers are commissioned through the State of Ohio and are certified peace officers with full law enforcement authority as provided by Ohio law. Officers patrol interior and exterior areas of Akron General and respond to criminal activity, emergencies, safety concerns, and calls for service 24 hours a day.

  CCPD operates pursuant to applicable state and local authority, including Ohio Revised Code Section 4973.17, which authorizes commissioned hospital police officers to exercise police authority on Cleveland Clinic property and within applicable areas of jurisdiction while acting in the direct discharge of their duties.

  For police assistance at Akron General, contact: 330.344.7604 – Police / Security

- ***Mercy Hospital***

  Cleveland Clinic Police Department (CCPD) Police Officers are commissioned through the State of Ohio and are certified peace officers with full law enforcement authority as provided by Ohio law. Officers patrol interior and exterior areas of Mercy Hospital and respond to criminal activity, emergencies, safety concerns, and calls for service 24 hours a day.

  CCPD operates pursuant to applicable state and local authority, including Ohio Revised Code Section 4973.17, which authorizes commissioned hospital police officers to exercise police authority on Cleveland Clinic property and within applicable areas of jurisdiction while acting in the direct discharge of their duties.

For police assistance at Mercy Hospital, contact: 330.489.2222 – Police / Security

- ***Wayne County – Akron University***

  Law enforcement services are provided to the University's Wayne campus 24-hours-a-day, 7 days a week, through a combination of the University of Akron Police Department (UAPD) and local law enforcement agencies. Crimes occurring on the Wayne College campus should be reported to UAPD by calling 9-1-1 or 330972-7123.

Working Relationship of Campus Security and Local Law Enforcement

Cleveland Clinic Police Department maintains Memoranda of Understanding for the reporting and investigation of crimes with the following police departments:

- Akron Police Department (Akron General)
- Cleveland Division of Police (Main Campus and Lutheran)
- Beachwood Police (CCAC)
- Canton Police (Mercy)

Onboarding

Through orientation with the School of Health Professions, incoming students are introduced to campus safety, as well as security and support resources, with a presentation from the school and within our MyLearning module.

Crime Prevention and Awareness

CCPD officers take a proactive approach to crime prevention. The presence of a large, visible force is an effective deterrent to crime. CCPD utilizes a number of tools and techniques to ensure the safety of everyone.

- Students may download this flier as it provides all of the CCPD services and has the contact information for our locations.

Active Patrols

CCPD police and security officers provide 24-hour patrols at all hospitals, family health centers and ambulatory surgical centers, including public and private areas, parking facilities, emergency departments, and more.

Blue Lights & Emergency Intercoms

Blue light and yellow emergency intercoms are strategically placed on sidewalks and in parking areas. Calls from these intercoms are treated as 911 emergencies and can be used to detect and respond to crime.

Investigative Services

As part of our comprehensive law enforcement approach, Cleveland Clinic has established an effective investigations team to solve and track crimes and prevent repeat offenses.

Magnetometers

Patients (in non-emergency situations) and visitors are required to pass through a magnetometer when entering any emergency department at Cleveland Clinic. Patients arriving by ambulance will also be screened.

Security Cameras

Security camera systems are installed throughout our facilities to monitor internal and external locations, including buildings and parking facilities.

Victim Advocacy

Our Victim Advocacy Program is dedicated to providing victims of a crime with individualized, efficient and effective support, education and resources to cope with the aftermath of the incident. Services are free of charge and are available at all locations. Call 216.444.2250 for more information.

Safety Resources

Campus Escort Programs

The Cleveland Clinic Safety Escort program is a free service provided by the Cleveland Clinic Police Department for all caregivers, patients and visitors who need safe transportation to and from various locations at their site.

Safety Escorts are conducted by CCPD Police or Security Officers and are available 24 hours a day, 7 days a week, 365 days a year. Escorts are provided either by foot or police vehicle depending on the situation and call volume we are experiencing at the time of the request.

How to Request a Safety Escort: Main Campus

Phone Number: 216.444.2250 (x42250)
When a person calls, they will be asked for the following information by CCPD dispatchers:

- first and last name
- contact number
- pickup location
- destination

Requesters may be asked to verify their identity at pickup.

Service Boundaries

Safety Escorts are available to and from any building, parking facility, etc. located on main campus. This includes areas:

- North to Chester Avenue
- South to Cedar Avenue
- East to Stokes Boulevard
- West to E. 83rd Street

How to Request a Safety Escort: Regional Hospitals

Safety Escort Numbers

- Akron: 330.344.7604
- Avon: 440.695.4090
- Euclid: 216.692.7688
- Fairview: 216.476.4344
- Hillcrest: 440.312.3390
- Lakewood 216.529.7276
- Lutheran 216.363.2436
- Marymount: 216.587.8180
- Medina: 330.725.1000
- South Pointe: 216.491.5588

Cleveland Clinic StaySafe App

The Cleveland Clinic StaySafe app is a powerful tool for caregivers, patients and visitors to request assistance in a number of emergency situations. Cleveland Clinic StaySafe app is geofenced to Cleveland Clinic hospitals, family health centers, ambulatory surgery centers, free-standing emergency departments and administrative buildings to request site-specific emergency and non-emergency services, including:

- Emergency Police and Security response
- Non-emergency questions and requests, including a Safety Escort
- Code response for Cardiac/Respiratory Emergencies and Rapid Response
- Anonymous tip line to text information and images
- A safety timer to contact emergency contacts while walking
- Library with additional safety resources

Student Organizations

The School of Health Professions does not have student organizations at this time, so there are no crime statistics for monitoring off-campus locations.

School of Health Professions Emergency Preparedness

Comprehensive policies have been established to ensure the safety and well-being of students, Program Directors, faculty, administrative personnel, and patients during emergencies. Information about specific policies are provided during student onboarding and can be accessed on the Cleveland Clinic network through the Cleveland Clinic Policy and Procedure Manager (PPM) and Department of Emergency Management intranet page. The School of Health Professions detailed Emergency Preparedness Plan is located on the student SharePoint page. Students, faculty, and administrative personnel participating in School-related activities on non-Cleveland Clinic locations (clinical sites, field trips, educational facilities used under agreement with an external agency, etc.) should familiarize themselves with the emergency procedures of that location.

In the event of an emergency situation that disrupts educational programs, efforts will be made to ensure continuity of instruction through assignment of alternate learning facilities, flexible scheduling, remote learning, or another means as determined to be appropriate by the Program Director.

All faculty, administrative personnel, and students are empowered to report Critical events to the appropriate Security Operations Center or designated emergency phone number or via the Cleveland Clinic StaySafe app. The app is geofenced to our hospitals, family health centers, ambulatory surgery centers, free-standing emergency departments and administrative buildings to request site-specific emergency and non-emergency services, including:

- Emergency Police and Security response
- Non-emergency questions and requests, including a Safety Escort
- Code response for Cardiac/Respiratory Emergencies and Rapid Response
- Anonymous tip line to text information and images
- A safety timer to contact emergency contacts while walking
- Library with additional safety resources

Emergency Tests

Cleveland Clinic conducts tests of emergency response and evacuation procedures at least annually. Tests may be announced or unannounced and may include fire and evacuation drills, lockdown and protective-action drills, tabletop exercises, functional exercises, full-scale exercises, Virtual Command drills, and other activities designed to assess emergency plans and response capabilities.

Responsibility for conducting and documenting these activities varies by type. Cleveland Clinic Emergency Management coordinates planned discussion-based and operations-based exercises and retains associated exercise, evaluation, after-action, and improvement documentation. Environmental Health and Safety or Life Safety conducts and documents applicable fire and emergency fire-evacuation drills. Cleveland Clinic Police conducts and documents applicable lockdown and protective-action drills.

Each Cleveland Clinic hospital maintains an Emergency Operations Plan, an Emergency Management Committee, an annual Hazard Vulnerability Analysis, and a recurring preparedness exercise program. A hospital Emergency Management program generally schedules six Virtual Command drills, typically conducted every other month, one tabletop exercise, and at least one operations-based exercise each calendar year. Additional fire, evacuation, lockdown, security, and hazard-specific drills may be conducted by the responsible Cleveland Clinic function.

Applicable ambulatory, procedural, and other entities organized under a hospital participate through the hospital's preparedness structure according to the scope of the applicable drill or exercise. This cadence does not mean that every affiliated location independently conducts the same number of exercises.

Emergency preparedness information is made available through caregiver onboarding, training, policies, preparedness resources, and approved emergency-communication systems, text, or other approved methods, depending on the event and affected population.

The School of Health Professions identifies at least one qualifying emergency response or evacuation test each calendar year that applies to the relevant SOHP location or population. SOHP retains documentation of the activity, including its description, date, time, and whether it was announced or unannounced, together with evidence that the applicable emergency response and evacuation procedures were publicized to students and employees in conjunction with the test. An existing hospital, Environmental Health and Safety, or Police drill may support this process when it covers the applicable SOHP location or population and the required documentation is retained.

Sexual Assault Response and Reporting Procedures

Office of Educational Integrity

The office of Educational Integrity addresses reports of discrimination and harassment, including sexual assault and other forms of sexual misconduct. During on-boarding, all new students and employees are required to take an on-line module that provides information about forms of discrimination and harassment, including sexual harassment. The module includes bystander training and steps that individuals can take to reduce risk to their personal safety. The Office of Educational Integrity also provides orientation and other information sessions to programs upon request. Information about the Office of Educational Integrity is available in the SOHP Catalog and the SOHP faculty handbook.

Rape and Sexual Assault Prevention

Rape and all forms of sexual assault are prohibited by federal and state law and Cleveland Clinic and School of Health Professions policies. Under these policies, consent means a freely given, clearly communicated willingness to engage in sexual activity. It cannot be given by a person who is incapacitated or underage, may be withdrawn at any time, and is defined more fully in Cleveland Clinic's Sexual Misconduct in Education (Title IX) Policy. Cleveland Clinic also offers risk reduction resources that individuals may use to help protect their personal safety, including the Safety Escort Program and the Cleveland Clinic StaySafe App (see 'Campus Escort Programs' and 'Cleveland Clinic StaySafe App,' above).

Procedure a person should follow if they are a victim of rape or sexual assault:

1. Seek a safe place away from the perpetrator as soon as you are able and immediately dial 911. Victims have the right to notify law enforcement, to decline to notify law enforcement, or to receive assistance from campus officials in notifying law enforcement authorities.
2. Preserve all evidence by not showering, douching, brushing your teeth, changing your clothes. Preserving evidence may assist law enforcement with the investigation and prosecution of a crime. The collection of evidence is encouraged even if the victim is uncertain whether they wish to pursue criminal charges.
3. Write down everything you can remember about the perpetrator and the event.
4. Seek medical attention within the first 24 hours at the nearest emergency room or an emergency room of your choosing to assure your physical well being and to collect evidence.
5. Meet with a counselor to provide emotional support, gain information, and explore options. Information shared with the counselor will remain confidential. Students and employees have access to Caring for Caregivers at the Cleveland Clinic.
6. Seek support from someone you trust.

Information regarding registered sex offenders in Ohio is available through the Ohio Attorney General's Sex Offender Search, accessible at https://ohio.gov/residents/resources/sex-offender-search

Reporting Sex Discrimination, Sexual Harassment, Sexual Violence, or Retaliation

Any person may report discrimination, harassment, including harmful conduct, or retaliation in Cleveland Clinic's educational programs or activities. There are three reporting options:

1. **Program Leadership**: Individuals may report an incident of prohibited conduct or harmful conduct to the program leadership of any educational program or activity in which either you or the alleged offender participates.
2. **Office of Educational Integrity**: Individuals may report an incident of prohibited conduct or harmful conduct to the Office of Educational Integrity at EduIntegrity@ccf.org. Office personnel will ensure an adequate, reliable and impartial investigative process when required. .
3. **Anonymous Reporting**: Individuals may report prohibited conduct through the anonymous online reporting tool. This report will go directly to the Office of Educational Integrity. The office will address the report to the extent possible with the information provided.

An individual may request that their report be considered anonymous even if they have identified themselves to the Office of Educational Integrity or program leadership. Such a request will be honored unless there is a legal or policy requirement to identify the individual, or it is necessary to protect the health and safety of any person or Cleveland Clinic.

Employees who work in educational programs or activities are required to make a report to the Title IX Coordinator if they learn of an incident of sex discrimination, sexual harassment, sexual violence or retaliation unless they are a counselor or healthcare provider acting in their role as a counselor or healthcare provider. Employees who are required to report include all program directors, administrators, supervisors, program and project managers, coordinators, clinical instructors, clinical educators, fieldwork instructors, fieldwork educators, principal investigators, mentors, preceptors, faculty members and student employees who receive reports in their roles as employees.

Report misconduct to: Title IX Coordinator – TitleIX@CCF.org

Addressing reports of Sexual Harassment and Sexual violence

Cleveland Clinic has adopted its Sexual Misconduct in Education (Title IX) Policy which prohibits all forms of discrimination on the basis of sex, gender, sexual orientation, gender expression and gender identity in its educational programs and activities. Reports are addressed according to Cleveland Clinic's Procedures to Address Reports of Sexual Misconduct in Education.

When the Title IX Coordinator receives a report of sex discrimination, sexual harassment, sexual violence or retaliation, the Title IX Coordinator or designee will reach out to the person who may have been subject to that conduct (the “complainant”) and invite them to meet.

At that meeting, the complainant will be offered resources (“supportive measures”) and information about how the report may be addressed. Supportive measures may include no-contact orders, counseling or support services, changes to class or work assignments, leaves of absence, escort services, or other safety measures. These options are available regardless of whether the victim of criminal conduct chooses to report the incident to law enforcement, and will be provided if requested and reasonably available.

Complainants and respondents have the same opportunity to have an advisor or support person of their choice present during any meeting or proceeding related to a report of prohibited conduct. The advisor or support person may not be a party or witness to the report and may not participate in place of the party.

To the extent possible, the complainant may choose to remain anonymous, not pursue a report, pursue an informal resolution or pursue a formal investigation. A complainant’s request to remain anonymous or not to have a report pursued will be honored if it is possible to do so while also protecting the health and safety of the complainant and the Cleveland Clinic community.

If the complainant wants to pursue a report, or if Cleveland Clinic determines that an investigation may be necessary, a formal complaint is required. Once provided, the Title IX Coordinator will provide notice to the person who may have engaged in sex discrimination, sexual harassment, sexual violence or retaliation (the “respondent”). The notice will include information about the report and the options for informal resolution and formal investigation.

Informal Resolution

If both parties are interested in an informal resolution, the Title IX Coordinator will work with them toward resolution. Participation in an information resolution process is voluntary, and parties must agree in writing to participate. Either party may refuse to participate in an informal resolution process or may end the process at any time. Informal resolution may include joint or separate mediation discussions, separation of the parties, referral to counseling programs, targeted education and training programs, or any other steps agreed by the parties. If agreement on an informal resolution is reached, the Title IX Coordinator will create a record of the resolution, inform the relevant offices or institutes of the resolution and monitor the resolution as required.

Formal Investigation

Initial Assessment

If a formal complaint has been filed and the parties do not pursue an informal resolution, the Title IX Coordinator will conduct an initial assessment of the allegations in the formal complaint to determine whether the conduct alleged could constitute a violation of the Policy. If it is determined through the initial assessment that a Policy violation could have occurred, the Title IX Coordinator will pursue an investigation. If it is determined through the initial assessment that the allegations, even if true, would not constitute a Policy violation, the resolution process under these procedures will conclude. If the allegations in the report may constitute a violation of another Cleveland Clinic policy, the report will be referred to the appropriate office for resolution. An initial assessment may be based on information provided by the complainant or may include a meeting with the respondent and review of any initial information provided by the parties.

Investigation

An investigation will be conducted by one or more trained investigators in a prompt, thorough and impartial manner. All parties will have equal rights to identify witnesses and present evidence to the investigator, and to review a summary of the evidence gathered by the investigator. The investigator shall prepare a final investigative report which will be submitted to a determination panel. The panel will determine whether there has been a policy violation, using a preponderance of the evidence standard.

If the investigation results in a determination that the policy has been violated, the determination panel will determine appropriate remedies. Both the complainant and respondent will receive simultaneous written notification of the outcome of any disciplinary proceeding arising from reports of sexual misconduct, including any sanctions imposed, available appeal procedures, appeal outcomes, and when the result becomes final.

Sanctions that may be imposed following a determination that this policy has been violated include, but are not limited to, dismissal or termination, suspension, disciplinary probation, restrictions on contact with other parties or access to facilities or programs, required training, and other remedies appropriate to the circumstances.

Individuals who investigate or serve on the Title IX Determination Committee for reports of dating violence, domestic violence, sexual assault, or stalking receive training twice each year on these subject areas and on conducting an investigation and hearing process that protects the safety of victims and promotes accountability.

Support Services

Counseling and Emotional Support

Program officials will assist students and employees in contacting Caring for Caregivers for professional mental health counseling. Students may confidentially contact Caring for Caregivers directly by calling 216-445-6970 or 800-989-8820. The student will be provided with confidential assessment, counseling and referral services which will be limited to 1-3 sessions free of charge.

Other agencies available for emotional support:
Cleveland Rape Crisis Center Hotline- 216-619-6192 (24 hours a day)
Cleveland Rape Crisis Center Office- 216-619-6194

Substance Abuse

The School of Health Professions must ensure that students provide safe, high quality services while engaging in official school/educational activities. The programs strive to promote student health and well-being. Student use or abuse of dangerous drugs or alcohol is potentially harmful to self and others.

Students are prohibited while on Cleveland Clinic property or engaged in official educational activities from being under the influence of or possessing, using or distributing alcohol or illicit drugs. This prohibition includes time in class and clinical areas, field trips and clinical preparation time at any site. Illicit drugs include controlled substances, habit-forming drugs, chemical substances which impair ability to function, and any potentially dangerous drug used not in accordance with a legal, valid prescription.

In compliance with Federal regulations relating to the issuance and dissemination of drug and alcohol abuse prevention, the school distributes information to all students on the dangers of drug or alcohol abuse in the School of Health Professions Catalog. Disciplinary sanctions up to or including dismissal from school, termination of employment and referral for prosecution may be imposed for individuals who engage in substance abuse practices.

Ohio’s Concealed Carry Law

It is the policy of the Cleveland Clinic Health System to prohibit any person from carrying a concealed handgun or other deadly weapon onto the property of any Cleveland Clinic facility. Only law enforcement officers on official business are exempt from this policy. Questions regarding this policy may be directed to the Cleveland Clinic Administrative Services, 216.448.0082.

Definitions of Reportable Crimes

Criminal homicide

Murder and non-negligent manslaughter:
The willful (non-negligent) killing of one human being to another.

Negligent Manslaughter:
The killing of another person through gross negligence.

Forcible sex offenses

Forcible rape: The carnal knowledge of a person, forcibly and/or against that person's will; or not forcibly or against the person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity (or because of his or her youth).

Forcible sodomy: Oral or anal sexual intercourse with another person, forcibly and/ or against that person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity(or because of his or her youth).

Sexual assault with an object: The use of an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of another person, forcibly or against the person's will or not forcibly or against the person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity (or because of his or her youth).

Forcible fondling: The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or not forcibly or against the person's will, where the victim is incapable of giving consent because of his or her temporary or permanent mental or physical incapacity (or because of his or her youth).

Non-forcible sex offenses

Incest: Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited.

Statutory rape: Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Robbery

The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault

An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by a means likely to produce death or great bodily harm. (It is not necessary that injury result from an aggravated assault with a gun, knife, or other weapon is used that could and probably would result in serious personal injury if the crime were successfully completed.)

Burglary

The unlawful entry of a structure to commit a felony or a theft. For reporting purposes, this definition includes: unlawful entry with intent to commit a larceny or a felony, breaking and entering with intent to commit larceny, housebreaking, safecracking, and all attempts to commit any of the aforementioned acts.

Motor Vehicle Theft

The theft or attempted theft of a motor vehicle. (Motor vehicle theft is classified as any case where an automobile is taken by a person not having lawful access, even if the vehicle is later abandoned, including joy riding.)

Arson

Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Other offenses

Liquor law violations: The violation of laws or ordinances prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; furnishing liquor to a minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; and all attempts to commit any of the aforementioned activities. (Drunkenness and driving under the influence are not included in this definition.)

Drug abuse violations

Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include: opium or cocaine and their derivatives (morphine, heroin, and codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturate, Benzedrine).

Weapon law violations

The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: the manufacture, sale, or possession of deadly weapons; the carrying of deadly weapons, concealed or openly; the furnishing of deadly weapons to minors; aliens possessing deadly weapons; and all attempts to commit any of the aforementioned acts.

VAWA offenses (Violence Against Women Act)

Domestic violence: A felony or misdemeanor crime of violence committed by a:

- current or former spouse or intimate partner of the victim,
- a person with whom the victim shares a child in common,
- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies (under VAWA), or
- any other person against an adult or youth victim who is protected from that person's
  acts under the domestic or family violence laws of the jurisdiction.
  Dating violence: Violence committed by a person:
- who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- where the existence of such a relationship shall be determined based on a consideration of the following factors:
  - the length of the relationship,
  - the type of relationship, and
  - the frequency of interaction between the persons involved in the relationship.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to:

- fear for his or her safety or the safety of others, or
- suffer substantial emotional distress.
